Monday 9<sup>th</sup> September

## Re: 2024 – 2025 STEM (Science, Technology, Engineering and Maths) Committee

Dear Parents/Carers,

I am delighted to let you know that once again, I will be setting up a child leadership group for the delivery of science enrichment at Gillespie Primary School. The committee members will plan and lead enrichment activities related to STEM subjects (Science, Technology, Engineering and Maths). Pupils from Years 1 – 6 will be invited to complete an application form to register interest in being part of the STEM Committee. Forms will be given to classroom teachers for those children that are interested and will be due in on Monday 16<sup>th</sup> of September. I will be available during lunchtimes (Monday to Wednesday) to assist applicants complete forms if requested. Preference will be given to pupils who have not been members of committees previously; however, former committee members may still apply. Meetings will be held on Wednesday mornings 8:15 – 8:55 a.m. I will collect children from the front entrance or breakfast club. Pupils may be required to attend meetings at lunch time when necessary; however, these will be kept to a minimum.

I look forward to reading the applications and to hearing about your children's ideas for STEM enrichment at our school. I will notify you to let you know if your child has been a successful applicant or not.

Please do contact me if you have any further questions. I can be reached on this e-mail address: [mbegley@gillespie.islington.sch.uk](mailto:mbegley@gillespie.islington.sch.uk) My work days are Monday to Thursday.

Yours sincerely,

Megan Begley

Scientist in Residence

Associate  
School
